If a catalogue-number and a keyword do not identify the same object, and further inquiries are not possible, the catalogue-number is the decisive factor for the order. The prices (Max. Limits) stated in this written order are the hammer prices offered for a work of art. The purchase price comprises the hammer price plus a premium of 15% plus the momentary 7% statutory VAT added to the sum of the invoice. Exempted from VAT are deliveries to countries outside the European Union (EU) or to entrepreneurs for commercial purposes within the EU who have indicated their VAT Reg. No. when receiving their Bidder's number. In these cases, only the premium of 15% will be added.
